Non-public schools (including Registered Home Schools) may participate in Federally funded education programs that may be offered through the Public School District of Residence. These may or may not be offered through your school district of residence. Each district determines in which programs it will participate.

In order to assist other Home Schools in choosing a curriculum, please give a brief description or citation for the "organized course of study" (20-5-109(4), MCA) that you have decided to use. We can then generate a list of the programs that are in place and pass that information on when new Home Schools ask what others in the area are doing. You are under NO obligation to use any particular curriculum. Your name will not be used without permission. Thanks.

Blank lines for providing a brief description or citation for the organized course of study.
