**Big Horn County Announces Eight (8) Newly-confirmed Cases of COVID-19**  
*27 patients hospitalized in the region*

**HARDIN, MONTANA** (November 22, 2020) – Big Horn County added eight (8) new cases of COVID-19 on Saturday, November 21, 2020. Two (2) patients were asymptomatic (without symptoms) and six (6) presented with symptoms when tested. Two (2) cases were likely contracted through community spread and six (6) cases could be traced by public health to previously-known cases of coronavirus.

The new cases are:

| Month                             | Number of Cases | Number of Deaths |
|-----------------------------------|-----------------|------------------|
| April                             | 3               | -                |
| May                               | 27              | -                |
| June                              | 44              | 3                |
| July                              | 249             | 5                |
| August                            | 357             | 8                |
| September                         | 294             | 7                |
| October                           | 456             | 17               |
| November (11/21/2020 to date)     | 361             | 7                |
| <b>Total since Pandemic Began</b> | <b>1,791</b>    | <b>47</b>        |

With the rising trend in new COVID-19 cases, it is more important than ever to follow the three W's: Wash your hands; Watch your distance from other people; Wear a mask. The County asks all residents to please continue stay home more often and to avoid events or gatherings. Also, the Board of County Commissioners and Board of Public Health ask everyone to wear a mask and social distance when outside of their homes and in public. Masks are required when engaged in indoor activities, such as shopping. Masks are not necessary in the event that residents are outdoors and unlikely to come within six (6) feet of other people, such as while taking advantage of our beautiful county, to work, recreate, or exercise outside.

Tracking down contacts to a positive case (contact tracing) is one of the best tools public health can use to slow the spread of the virus. If you believe you were in the presence of a recently confirmed COVID-19 case for more than five (5) minutes, please call public health so that a nurse may interview you and determine what level of exposure you have:

- IHS Public Health Nursing: (406) 638-3478
- Big Horn County Public Health: (406) 665-8720

###

Big Horn County is the sixth largest county in Montana, at approximately 5,023 square miles, and with a population exceeding 13,000. The local government was established January 13, 1913. Hardin is the County Seat. <https://www.bighorncountymt.gov/> For more information about the County's COVID-19 response, please visit our Facebook page at <https://www.facebook.com/BHCMTResponds>.
