Big Horn County Announces Four (4) Newly-confirmed Cases of COVID-19 *13 hospitalized*

HARDIN, MONTANA (September 12, 2020) – Big Horn County added four (4) new cases of COVID-19 on Saturday, September 12, 2020. All four (4) men presented with symptoms when tested. Two (2) patients likely contracted the virus through community spread, as there are no known contacts with previous cases at this time, and two (2) were found through contact tracing of previously-reported patients.

The new cases are:

Age Ranges	Female	Male	Totals

Month	Number of Cases
April	3
May	27
June	44
July	249
August	357
September to date (9/12/2020)	117

The County asks all residents to please continue stay home more often and to avoid events or gatherings. Also, the Board of County Commissioners and Board of Public Health ask everyone to wear a mask and social distance when outside of their homes and in public. Masks are required when engaged in indoor activities, such as shopping. Masks are not necessary in the event that residents are outdoors and unlikely to come within six (6) feet of other people, such as while taking advantage of our beautiful county, to work, recreate, or exercise.

Tracking down contacts to a positive case (contact tracing) is one of the best tools public health can use to slow the spread of the virus. If you believe you were in the presence of a recently confirmed COVID-19 case for more than five (5) minutes, please call public health so that a nurse may interview you and determine what level of exposure you have:

- IHS Public Health Nursing: (406) 638-3478
- Big Horn County Public Health: (406) 665-8720

###

Big Horn County is the sixth largest county in Montana, at approximately 5,023 square miles, and with a population exceeding 13,000. The local government was established January 13, 1913. Hardin is the County Seat. <https://www.bighorncountymt.gov/> For more information about the County's COVID-19 response, please visit our Facebook page at <https://www.facebook.com/BHCMTResponds>.
